

Workshops and courses – Fall 2026, Part 2

Welcome to Glasstronomy Studios' learning program. This calendar outlines the adult learning activities from November to December 2026. *Registration is now open.*

Levels of experience

Glasstronomy Studios hosts learning activities for glass enthusiasts with varying levels of experience. Our workshop calendar includes something for everyone. While most of our membership levels qualify for discounts on our workshops, courses, and tutorials, you *do not* need to be a member to participate. Each session has a unique number assigned to it that also indicates the level of experience required. Please consider these designations when you register:

G – general — all levels welcome

B – beginner level (no glass cutting experience required)

I – intermediate level — must know how to safely handle standard glass tools

A – advanced level — must have participated in an applicable Studio intermediate level workshop or course

Z – *Zoom* remote learning

Payment registration: To register, we currently accept payment in person (cash, Debit, MasterCard, and Visa), by email (e-transfer), or by phone (MasterCard and Visa). Please note that HST will be added to the listed fee at time of payment.

Cancellation policy: A Studio credit will be issued for cancellations up to one week (7 days) before start date (unless otherwise specified). We regret that Studio credits will not be issued under the 7-day threshold.

Studio credits can be applied to a future purchase of a workshop or course.

Workshops

I470

*Let the glass speak:
Stained glass layered
landscape*

When: Saturday, November
7, 2026, from 10 am to 4 pm
Fee: \$225 + HST (includes all
project materials)

*Previous glass-cutting and
soldering experience
required.*

Sometimes, a piece of glass speaks for itself. Perhaps it's a bold sweep of colour, a swirling pattern, or the unexpected beauty of a uniquely rolled edge. The challenge becomes: how do you cut into something that is already beautiful all on its own? *Sometimes, you simply don't!*

Instead, explore the possibilities of layering, plating, and embellishing glass to preserve the qualities that first caught your eye. By combining glass with sheet copper, mirror, dimensional details, and found forms, you'll discover new ways to build depth, texture, and visual interest without sacrificing the natural character of the glass.

In this one-day workshop, participants will work with Youghioghenny rolled glass ends, copper sheet and foil, mirror, box frames, and detailed animal forms to create a one-of-a-kind, **8-inch x 10-inch framed landscape** that balances material, composition, and personal expression.

All project materials are included.

G322

*Fusing technique:
Glassline exploration
with Millean Kung*

When: Saturday, November
14, 2026, from 10 am to 12
pm

Fee: \$195 + HST (includes all
project materials and kiln
firings)

*Experience using Glassline
paint would be an asset.*

Dabbing, streaking, and sponging, oh my! Explore the various textures and designs you can achieve using Glassline paint. Learn how to use a variety of brushes to develop certain effects. Then, apply these techniques when you create your own **16-inch x 10-inch charcuterie board**. As well, you will receive basic tips on design elements.

All project materials and kiln firings included.

I471

*Fused and foiled fun:
Holiday mantel hook*

When: Saturdays, November
28 and December 5, 2026,
from 1 to 4 pm

Fee: \$225 + HST (includes all
project materials and kiln
firings)

*Beginner glass fusers are
welcome. Glass cutting and
soldering experience
required.*

Beautiful art glass is a joy to create, but when a treasured piece becomes functional as well as decorative, that's when the magic really happens! Add another original to the holiday glass collection with a festive workshop that brings together stained glass, kiln-fired colour, and three-dimensional form.

Over two afternoons, participants will cut and shape 96 COE compatible glass, then personalize their creations with glass powders, frit, stringers, and the brilliant shimmer of dichroic glass. After kiln firing, participants will return to assemble and finish **one of three seasonally inspired, three-dimensional glass sculptures**, transforming their work into a unique decorative mantel hook mounted on a weighted metal base.

Whether it's a playful seasonal accent or the next treasured addition to a growing collection of holiday glass art, this workshop celebrates the perfect trifecta: creativity, craftsmanship, and function!

All project materials and kiln firings are included.

Fusing fun: Festive fishing lure ornaments

When: Saturday, December 5, 2026, from 10 am to 12 pm
Fee: \$175 + HST (includes all project materials and kiln firings)

Can anyone say *giggle glass*? Hook, line, and tinsel! These flashy, fishy, festive creations are all about having fun — in the making and in the sharing.

Whether celebrating the angler in the family, honouring a favourite fishing buddy, or adding a little aquatic mischief to the holiday tree, these colourful fishing-lure-inspired ornaments are sure to reel in a few laughs. After all, who says holiday sparkle must be all snowflakes and Santas?

Working with 96 COE compatible glass, decorative glass accessories, shimmering dichroic glass, and high-fire wire, participants will create up to **six one-of-a-kind ornaments** inspired by the bright colours and irresistible flash of fishing lures. Think bold, bright, and gloriously over-the-top!

Perfect for the fishing enthusiast in your life — or the angler in you — these are keepsakes guaranteed to add a little fishy frivolity to the festive season. Let the giggles begin!

All project materials and kiln firings are included.

Holiday glass + Great company = Cherished memories in the making
CREATE SOMETHING BEAUTIFUL THIS SEASON AND SHARE THE FUN!

The holidays are a time for colour, sparkle, and spending time together! Discover the joy of creating with glass in one of our festive beginner workshops. Whether exploring the magic of kiln-fired colour or catching rainbows through sparkling bevels, participants will learn new skills, experiment with glass, and create a seasonal treasure to gift or enjoy.

Register for B247 or B248 beginner workshop with a friend and enjoy 10% off the workshop fee for each participant when you sign up as a pair.
IT'S BETTER TOGETHER!

B247

Seasonal sparkle: Fused glass garden stake

When: Saturday, November 14, 2026, from 10 am to 4 pm
Fee: \$225 + HST (includes all project materials and kiln firings)

Beginners are welcome.

Celebrate colour, creativity, and a little holiday magic! Discover the art and science of glass fusing in this festive, hands-on workshop, where brilliant colours and playful embellishments come together to create a seasonal garden or planter stake.

Participants will learn safe glass-handling techniques while following a provided pattern to create an **8-inch square fused glass panel** featuring festive holiday motifs. Working with 96 COE compatible glass and decorative accessories, participants will explore layering, texture, and the transformation that takes place during kiln firing.

Add a little extra sparkle with colourful frit, pulled glass stringers, and the eye-catching shimmer of dichroic glass. Once kiln-fired, the finished panel will be mounted on a painted metal stake, ready to brighten a garden or favourite planter.

All project materials and kiln firings are included.

**SPECIAL
OFFER**

B248

Bevels, beads, and snowflakes: Stained glass suncatcher

When: Saturday, November 28, 2026, from 10 am to 12 pm

Fee: \$95 + HST (includes all project materials)

Beginners are welcome.

We love the rainbows that dance through beveled glass, especially during the holidays! Join us for a morning of hands-on bevel and solder play as sparkling glass elements come together in a seasonal snowflake, perfect for gifting or displaying throughout the winter months.

Participants will be introduced to the traditional copper-foil technique, learning to wrap and solder glass bevels and beads as well as basic decorative soldering techniques, to create a **6-inch to 8-inch glass suncatcher**. Explore the satisfying process of joining individual glass elements while discovering how light, texture, and reflective surfaces bring this winter-inspired design to life.

A little sparkle, a little soldering, and a beautiful handmade keepsake to take home!

All project materials are included.

G325

Holiday friends and family fun: Fused glass ornament drop-in day

When: Saturday, December 12, 2026 | Two-hour sessions between 10 am and 4 pm
Fee: Drop-in pricing:

- **Studio fee:** \$20 + HST/person (covers the two-hour session and instruction)
- **Group rate:** \$15 + HST/person when four or more participants register together
- **Ornaments:** \$10 + HST each (includes all glass materials and kiln firings)

Beginners are welcome.

Gather your family, invite a friend, and discover the wonderful world of glass fusing at Glasstronomy Studios! This festive open house is all about sharing creative time, exploring a colourful new medium, and making holiday memories together.

Participants will be introduced to the basics of glass fusing and learn how to safely handle, cut, and shape 96 COE compatible glass to create their own unique holiday ornaments. With a rainbow of colours and decorative glass accessories to explore, everyone can make something special to hang on the tree, share as a gift, or treasure for years to come.

A little glass, a little sparkle, and a whole lot of holiday cheer!

Designed for beginners, this family-friendly experience welcomes children ages 8 and up when accompanied by a participating adult. No previous glass experience is required — just bring your imagination and holiday spirit!

Participants register for a two-hour studio session, with beginner instruction offered at the start of each hour. Finished ornaments will be kiln-fired after the event and available to pick up once ready.

All glass materials and kiln firings are included.

Courses

G323

*Fused glass mosaic:
A monochromatic
study*

When: Thursdays,
November 5, 12, 19, and 26,
2026, from 7 to 10 pm
Fee: \$495 + HST (includes all
project materials and kiln
firings)

*Beginner glass fusers are
welcome. Glass cutting
experience is required.*

From ancient, tiled murals to contemporary abstracts, glass mosaics have long captivated us with their colour, pattern, and visual rhythm. But what if you could capture the expressive beauty of mosaic art without the mess or the limitations of a purely visual surface?

Welcome to fused glass mosaics — a tactile, dimensional, and surprisingly seamless approach to this timeless art form!

Over four evenings, participants will explore the creative possibilities of a monochromatic palette using 96 COE compatible glass to design and create a one-of-a-kind **12-inch x 18-inch fused glass mosaic**.

Week one: Explore design principles including contrast, visual flow, composition, and expressionism, to develop your original mosaic design.

Weeks two and three: Discover the art of mosaic construction, experiment with monochromatic colour selection, and prepare your composition for kiln firing.

Week four: Bring your mosaic together with a glass grout application, revealing the finished composition and the beautiful interplay of colour, texture, and form. Experience the finishing process that transforms individual glass elements into a unified work of art!

All project materials and kiln firings are included.

I472

*Intermediate
stained and fused
glass: Holiday pet
peep*

When: Thursdays,
December 3, 10, and 17,
2026, from 7 to 10 pm
Fee: \$395 + HST + \$40
Custom pattern * (optional)

* Email pet photo to
info@glasstronomystudios.ca
by Friday, November 20,
2026

*Beginner glass fusers are
welcome. Glass cutting
and soldering experience
required.*

Celebrate the season with a little sparkle, a lot of personality, and your favourite four-legged friend! This multi-disciplinary workshop brings together the custom expression of 96 COE fused glass and glass accessories, painting with Glassline paint, and the timeless craft of copper foil stained glass to create a one-of-a-kind **pet-inspired window corner**. Think festive window art that catches the winter light and makes a heartfelt holiday gift — or a treasured addition to your own seasonal décor.

Perfect for animal lovers ready to expand their glass skills, participants will explore layering, painting, and kiln-firing glass elements before incorporating them into a traditionally constructed copper foil piece. Make it uniquely yours with an optional custom pattern created from a photo of your favourite fur baby — a wonderful way to capture their personality in glass and create a truly meaningful holiday keepsake!

All project materials and kiln firing are included.

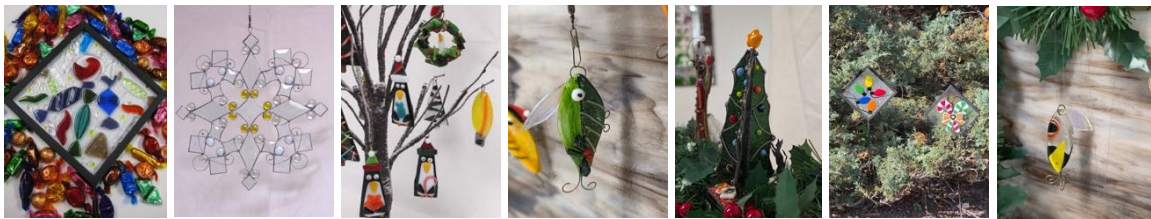

SEASON OF JOY

We always have so much fun designing and creating our Fall (Part 2) calendar. Some projects are seasonal favourites, several have been in the planning stage since summer, and some sprang from goofy spontaneity. Whether you are learning a new technique, creating gifts to give away, adding to your festive décor, or making memories with your favourite folks, may you experience joy and a little holiday magic.

GIVE THE GIFT OF EXPERIENCE

Are you looking for that perfect gift? Consider purchasing a workshop or course for your favourite person. We also offer customized electronic gift vouchers that the recipient can put towards courses, workshops, retail, and finished work. If you are interested in gifting an experience and/or gift voucher, email us at info@glasstronomystudios.ca. *The deadline for Christmas is Friday, December 18, 2026.*
